

# Intergenerational Center for Arts and Wellness

## THE SENIOR SERVICES INTERGENERATIONAL CENTER FOR ARTS AND WELLNESS IS ON THE WAY!

This state-of-the-art center will bring various collaborating organizations under one roof to offer healthcare, intentional intergenerational interaction, and arts-based activities to Forsyth County's older adults and the community at large.

### THE NEW CENTER WILL:

- Include a new, larger home for Senior Services' award-winning **Elizabeth and Tab Williams Adult Day Center**.
- Become home to one of Senior Services' **Senior Lunch** sites.
- Expand upon research and wellness services conducted in partnership with local medical providers and experts.
- Establish a national model for the collaborative delivery of services to seniors.

## FROM VISION TO FRUITION

On April 27, 2022, we broke ground on the Intergenerational Center for Arts and Wellness, and since then there has been a flurry of activity on the construction site. Senior Services and its collaborators are eagerly awaiting the day when the doors to the Intergenerational Center for Arts and Wellness open to the community in the Fall of 2023.

## COLLABORATORS

In addition to becoming the new home for the Williams Adult Day Center and for one of Senior Services' Senior Lunch sites, numerous intergenerational, arts, human services, and healthcare/wellness partners will bring their expertise into one location to serve our community better! **Joining us are:**
